Because we are a ministry of the Catholic Church, all employees and volunteers must complete the safe environment training through CMG Connect. To register, please go to cmgconnect.org. CMG Connect also completes your background check (costs are covered by SMLC, so please click "Paid by Dioceses" when asked about payment).

If you have any questions throughout the application process and/or would like further instructions, please contact the SMLC office. During the SMLC small-group volunteer orientations, we discuss the Clinic mission and operations. Fair Credit Reporting Act Disclosure Regarding Consumer Reports and Investigative Consumer Reports

THIS FORM IS NOT A CONSENT FOR A BACKGROUND OR CREDIT CHECK. IT IS FOR
INFORMATIONAL AND DISCLOSURE PURPOSES ONLY.

When St. Mary's Legacy Clinic ("the Clinic") is

- considering your application for employment;
- making a decision whether to offer you employment;
- deciding whether to continue your employment (if you are hired) or volunteer service (if accepted); and
- making other employment-related decisions directly affecting you,

you will be required to consent to a background check. Background checks are called "consumer reports" or "investigative consumer reports" in the Fair Credit Reporting Act ("FCRA"), which dictates how consumer reports and investigative consumer reports can be used. As an applicant for employment or for volunteering, or an employee of the Clinic, you are a "consumer" with rights under the FCRA. As a user of consumer reports, the Clinic is required to provide you this disclosure form.

A "consumer report" is any written, oral, or other communication of any information by a "consumer reporting agency" bearing on a consumer's credit worthiness, credit standing, credit capacity, character, general reputation, personal characteristics or mode of living which is used or collected for the purpose of serving as a factor in establishing the consumer's eligibility or continued eligibility for employment purposes. An "investigative consumer report" may include information as to your character, general reputation, personal characteristics, and mode of living, which may be obtained by contacting your previous employers and/or references, associates, or others. Before the Clinic runs any consumer report or investigative consumer report, you will be asked to sign a separate authorization and consent form, which will provide a listing of the specific background screens which may be performed (e.g., criminal background checks, credit checks for positions with access to money or other personal property, etc.).

If the Clinic obtains a report on you, and if it considers any information in the report when making an employment or volunteer-related decision that directly and adversely affects you, you will be provided with a copy of the report before the decision is finalized. You may also contact the Consumer Financial Protection Bureau about your rights under the FCRA as a "consumer" with regard to "consumer reports" and "consumer reporting agencies."

You have the right to request, in writing within a reasonable time, that we make a complete and accurate disclosure of the nature and scope of the information requested. Such disclosure will be made to you within 5 days of the date on which we receive the request from you or within 5 days of the time the report was first requested, whichever is later.

Please sign below to confirm that you received, read, and understood the terms of this Disclosure Form.

DECLINING OF HEPATITIS B VACCINE

(MANDATORY FOR PROFESSIONALS)

I fully understand that I am volunteering at my own risk and that due to my occupational/other possible exposure to blood or other potential infectious materials, I may be at risk of acquiring Hepatitis B virus (HBV) infection or other blood borne pathogens. I agree that if exposed to blood borne pathogens or other potentially infectious materials during clinic visits, I will follow the guidelines recommended by the Centers for Disease Control regarding post exposure treatment. I understand that failure to follow the guidelines in the event of an exposure during the course of work significantly increases my chances of infection.

Please sign one below:

I have received the vaccination for Hepatitis B

Signature

Date

I have not received the vaccination for Hepatitis B and I hereby waive having this vaccination of my own free will. I understand if I do not have the HBV vaccination, I can be at risk of acquiring Hepatitis B, a serious disease. If, in the future, I want to be vaccinated with the Hepatitis B vaccine, I can acquire the vaccination at my own expense and understand that my immunization series should be completed at least 6 months before I plan to volunteer.
